

OXFAM Canada Stamp Program - Mail & Email Bid Sale #35

Closing Date: Friday 30 October, 2026 (Postmarked before Midnight)

Left: ex Lot #48 Centre: Lot #405 Right: Lot #240

Welcome to Mailbid 35. You may notice we missed our Spring auction this year, and that's because a contractor broke a watermain while working on the street outside the Oxfam office in December. We were closed for 6 months, and we are now partially back in action. No stamps were floated in the flood, but our storage and work areas have still not been fully restored. We await the settling of insurance claims.

This, like all our previous auctions, has a wide assortment of material that we hope appeals to the general collector.... including more world first day covers than usual. We are getting more donations now of collectors' duplicates, and other interesting material that may have been hidden away in attics or basements for many years.... Perhaps a great search project for a winter's evening!

Despite the decline in mail and the appeal of the internet, there are still a lot of philatelists, and we have noticed that some stamp clubs seem to be thriving. We would like to encourage more stamp clubs to be involved in our auctions and special sales. If you represent a stamp club, please let us know. We are ready to provide small gifts to your stamp club as door prizes or special offers for your shows or events. Just give us some advance warning, and we will mail you a free package!

We hope you find something of interest. If you would like to receive a paper copy of this catalogue or scans of lots, please let us know at stamps@oxfam.ca. You can also see scans and follow us at <https://www.facebook.com/oxfamstamps/>.

Lots 613 - 634 Coins, Supplies & Non Philatelic

About OXFAM-Canada's Stamp Program:

For 40+ years, OXFAM-Canada has been raising funds for overseas projects from its volunteer stamp program, primarily from mail order sales, auctions and stamp shows. This type of sale is an opportunity to give wide visibility to unusual or "one of a kind" material that we have received. Believe it or not, those used stamps and envelopes can add up! Hundreds of donors from across Canada and beyond, as well as Oxfam Canada volunteers (12 very active individuals at the moment) raise roughly \$30,000 annually by sorting and selling stamps to collectors. Over \$600,000 has been raised from the Stamp Program since it started in 1980. That might seem like a drop in the bucket compared to the scale of the problems of poverty, disease and injustice around the world. We believe, though, that every little step in the right direction can help. For more details and a complete list of all 40 projects supported in 24 countries since 1984, visit www.oxfam.ca and follow the links from: "What You Can Do" to "Help Stamp Out Poverty". The revenue from this auction will go to two projects:

- **Violence Against Women in Guatemala 2025-7.** This is a 2 year extension of a successful Oxfam project begun in 2019 to improve human rights for indigenous women, including young indigenous women, and to advance gender equality. Every Oxfam dollar is matched by about \$20 from Global Affairs Canada. Guatemala has the third highest rate of femicide in the world. Indigenous women, representing 44% of the population, are particularly vulnerable. Four out of five Indigenous women live in poverty. Oxfam Canada is working with the Tz'ununija Women's Movement to strengthen their influence on government policy and law through leadership training, enhanced community awareness and support for victims of violence. We aim to increase from 20 to 36 the total number of Indigenous Women's Rights Organizations linked to Tz'ununija. The entire project cost is \$2,024,875.. Oxfam Canada is required to raise \$90,396 and the stamp program is providing \$25,000.
- **Supporting Pacific Oceanic Women.** Focussing particularly on three provinces in Fiji and four islands in Vanuatu, this project will train women and girls on climate-smart agriculture and fishing techniques, financial literacy, business development and climate change adaptation. Across this vast region, rising sea levels, stronger storms and environmental damage are increasing poverty, destroying livelihoods, and putting lives and cultures at risk. These impacts fall hardest on women and girls who have very little say in decisions that affect their lives. The Pacific region has the lowest level of women's representation in national parliaments in the world. This project is also launched with the support of Global Affairs Canada and has the \$1 to \$20 high match. The entire project cost is \$5.2M. Oxfam Canada is required to raise \$234,963 and the stamp program is providing \$25,000.

Almost all Oxfam projects are labour- intensive rather than capital-intensive, in that the money flows directly to local organizations who work to change people's attitudes and actions. The stamp program too is very labour-intensive. Our most popular product is a kilo of stamps on paper. It takes a banker's box of envelopes and many hours of work to produce just one kilo -- but in the process we find a lot of interesting covers and cancellations. We depend entirely on donations - primarily of modern material from churches, companies, organizations and individuals -- so we are rescuing and recycling material that would otherwise be lost to the philatelic world.

Please note that we no longer issue charitable tax receipts. If you are considering making a donation of stamps or other philatelic material and require a charitable tax receipt, we recommend you contact your local stamp auction house or stamp dealer. They will be able to help you price your stamps as well as sell them. Once the sale is complete, you can donate the proceeds of the sale to the Oxfam Stamp Program and we will be able to issue a receipt based on the amount received.

Basic Information for Bidders

1. Lot Descriptions

- All mint stamps in this sale are hinged unless specifically identified as "MNH" = never hinged.
- We use common stamp abbreviations: F = fine, VF = very fine, M = mint, NH = never hinged, OG = original gum, DG = disturbed gum, s/sheet = souvenir sheet, SON CDS= sock on the nose circular date stamp, CTO = cancelled to order, and b/stamp = backstamp.
- Scott catalogue numbers and prices are shown except for Canada where the Unitrade Canadian Specialized Catalogue 2020 prices have generally been used. CV = Catalogue Value and FV = Face Value of mint stamps.
- All estimates, and all bidding and billing will be in Canadian dollars.

2. Bidding Instructions

- Bidding starts at 50% of stated estimate, and no lot will be sold for less than that amount.
- Bid in increments of \$1 up to \$30; increments of \$2 from \$30 up to \$50; and increments of \$5 over \$50.

3. Determination of Winners

- When there is only one bid on a lot, the bidder pays 50% of the estimate. When there is a tie, the first person who submitted a bid will pay the amount of the bid. When there is a clear winner, they will pay one increment above the underbidder.
- Bidders will be notified of successful bids and will be expected to send payment before lots are released. Payment should be by credit card, personal cheque or money order addressed to Oxfam Canada Stamp Program. Unfortunately we are not equipped to handle other electronic fund transfers.
- No Buyers Premium: the only extra cost will be postage charges.

MAIL BID AUCTION 35

COLLECTIONS AND BULK COUNTRY LOTS
